

Fee The Evolutionist

With a flow reminiscent of the golden era mc's such as Rakim & Nas, Fee the Evolutionist has evolved his style amongst hip hop royalty. Fee honed his craft by working with mentor Ski Beatz who has produced tracks for Jay-Z, Mos Def & Camp Lo.

A New Hampshire native, Fee has been part of hip hop projects as a writer, musician and emcee working with some of the best musicians in the New England area. He has had songs placed in movies and tv such as HBO, Amazon Prime and the NBA.

Now Fee has brought together his own crew of multi-talented musicians to form a live band that blends familiar soul samples & classic hip hop over fresh, original rhymes. Fee's music is all about conscious rhymes, good vibes and crowd participation.

In September of 2021 Fee had the honor of being featured on WMUR-TV show NH Chronicle for their 20th anniversary special. He was also awarded the prestigious 2021 Best of New Hampshire award by NH Magazine for his musical contribution to the community.

NH Magazine -

"Fee the Evolutionist represents something rare in the local scene - continuity. This new project harks back to the golden age of hip hop weaving the familiar sounds of soul and R&B into a contemporary soundscape".

The future looks promising for Fee with a live recording project in the works and performances planned throughout the Merrimack Valley.
